NOT IN COMPETITION WITH OUR DEALERS

We are strictly growers, importers and wholesale distributors of quality Seeds, Keystone Seeds. We are one of the few large seed firms with no expensive retail stores and no costly retail mail order departments. We therefore give Keystone Dealers the protection and freedom from competition to which they are entitled and the greater value made possible by our low overhead cost and large volume. The third and greatest asset of the Keystone Dealer is the Keystone standard of quality—trial ground tested.

Put Up This Keystone Dealer Sign

It's a good looking enamel steel sign that will bring you business....Send for yours....We'll be glad to pay the express charges.

The Keystone Dealers Sign brings business to the dealer because it represents an accepted standard, a dependable known quality. It says to thousands of gardeners and farmers, "Buy your Seeds here; don't worry about quality, that's been proven for years and years."

The KEYSTONE

BULK GARDEN SEED MERCHANDISER

Display rack is strongly constructed of punched steel parts welded together, finished in glossy black enamel with an attractive green Keystone at the top. The three shelves provide space for 27 jars, about 500 small seed envelopes and the graduated measuring glass. The rack is 38½ inches high by 41 inches wide and can be used on either floor or counter. The jars are 3½ inches square by 9½ inches tall and hold about 2 pounds of most seeds. For small glass jars for flower seeds, see page 42. A simple chart showing volume per ounce and per pound of various seeds, together with the measuring glass makes small sales easily handled.

MOVING PICTURE

"PRODUCTIVE TOMATO GROWING"

This is the title of the standard two-reel moving picture covering all phases of tomato growing. It was prepared by us with counsel of U. S. Dept. of Agriculture and Experiment Stations of Missouri, Illinois and New York. It is for use of dealers, canners, schools and farmers' meetings.

Loaned Free. Write for a booking.

TOMATO

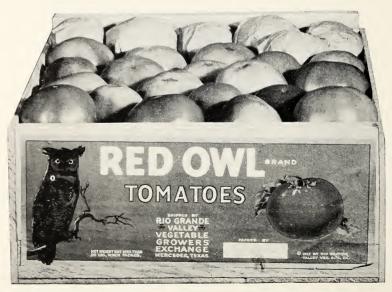

Tomato seed is one of our specialties. We exercise the greatest care and supervision in the development and maintenance of the highest types of each variety. Consequently, we enjoy a large trade among leading canners and among dealers supplying the critical market growers and shippers.

KEYSTONE CITY LAWN GRASS is a proven mixture containing more of Kentucky blue grass than any other seed, but with sufficient English perennial rye grass, red top grass and white Dutch clover to assure a quick growth, even under unfavorable conditions. The blue grass comes on more slowly, but provides a permanent lawn. Sow in spring, early summer or fall, ½ lb. per 100 square feet.
